The nonfiction debut from beloved international sensation and #1 New York Times bestselling author Tatiana de Rosnay: her bestselling biography of novelist Daphne du Maurier. "It's impressive how Tatiana was able to recreate the personality of my mother, including her sense of humor. It is very well written and very moving. I'm sure my mother would have loved this book." — Tessa Montgomery d'Alamein, daughter of Daphné du Maurier, as told to Pauline Sommelet in Point de Vue As a bilingual bestselling novelist with a mixed Franco-British bloodline and a host of eminent forebears, Tatiana de Rosnay is the perfect candidate to write a biography of Daphne du Maurier. As an eleven-year-old de Rosnay read and reread Rebecca, becoming a lifelong devotee of Du Maurier's fiction. Now de Rosnay pays homage to the writer who influenced her so deeply, following Du Maurier from a shy seven-year-old, a rebellious sixteen-year-old, a twenty-something newlywed, and finally a cantankerous old lady. With a rhythm and intimacy to its prose characteristic of all de Rosnay's works, Manderley Forever is a vividly compelling portrait and celebration of an intriguing, hugely popular and (at the time) critically underrated writer. Manderley Forever is a nominee for the 2018 Edgar Award for best critical/biographical work.

**** Shortlisted for the 2020 International Dublin Literary Award **** The radical, urgent new novel from the author of *The End of Eddy* - a personal and powerful story of violence. I met Reda on Christmas Eve 2012, at around four in the morning. He approached me in the street, and finally I invited him up to my apartment. He told me the story of his childhood and how his father had come to France, having fled Algeria. We spent the rest of the night together, talking, laughing. At around 6 o'clock, he pulled out a gun and said he was going to kill me. He insulted me, strangled and raped me. The next day, the medical and legal proceedings began. *History of Violence* retraces the story of that night, and looks at immigration, class, racism, desire and the effects of trauma in an attempt to understand a history of violence, its origins, its reasons and its causes. 'It stays with you' *Times* 'A heartbreaking novel' John Boyne

Disguised as a bum and living in a flophouse, Sidel tries to save a streetwalkerThe ragged old man has a tapeworm in his gut and a room at a nameless Whore's Row hotel, but to those in the know, he is one of the most powerful people in New York. Once the first deputy of the police commissioner, Isaac Sidel has lived in impoverished exile ever since the death of his detective protégé, Manfred Coen. As he wanders the streets around Times Square, Sidel spies a prostitute with a fearsome scar: a letter D seared into her cheek. His pity stirred, he asks her name and buys her a meal. Afterwards, he sets out to destroy the man who branded her. Sidel's target is a pimp with a love for James Joyce and a

hand in the pocket of the police commissioner. Taking him down will mean upending the force that Sidel once served, but if the tapeworm doesn't stop him, no crook can.

At the city hall in a small town in the South of France, one man starts his campaign to correct the ills that have overtaken his proud nation by lecturing on the art of conversation. In his opinion, "conversation is a specialty that is most eminently French," an art that should be nurtured and practiced and that can help repair France's reputation. Not to mention that being a good conversationalist aids in seducing women, the method the lecturer used to attract Lucienne, his "superbly lumpish" wife. One of the oddest characters in contemporary fiction, the lecturer can't help but digress about his sad life in the midst of his speech, although he's too self-deluded to realize quite how sad it is. Salvayre's *The Lecture* is an example of political double-talk and misogyny run wild.

Offers advice on how to be a friend by being more of a contributor than a taker, emphasizing the positive, and learning to assert oneself, express anger but avoid arguments, learn from mistakes, and establish rules

First seen during the American Civil War and later appearing in the Franco-Prussian War and the Anglo-Boer Wars, the armored train came to prominence on the Eastern Front during World War I. It was also deployed during the Russian Civil War and the technology traveled east into the Chinese Civil War, and the subsequent war with Japan. It saw service on the Russian Front in World War II, but was increasingly sidelined because of its vulnerability to air attack. Steven J Zaloga examines the origins and development of the armored train, focusing equally on the technical detail and on the fascinating story of how armored trains were actually used in combat. This title will appeal to armor, military history and railroad enthusiasts alike.

The Power of Flies begins in a courtroom, where a man is undergoing an interrogation. He has committed a crime, and he must now explain himself. But instead of letting the judge, lawyer, and psychiatrist question him, he asks himself all the questions—and answers them. While ranting on to the court about various topics—his family, the museum where he works as a tour guide, and even the French philosopher and mathematician, Blaise Pascal—the narrator of The Power of Flies reveals himself to be both calculating and unstable. In this latest novel from acclaimed French writer Lydie Salvayre, it is up to the reader to sort through his philosophical diatribe to discover why this man turned killer. "Salvayre's work applies a cheerful irony to very dark preoccupations: chiefly the connection between political repression and family horrors, and the male sickness of authoritarianism. . . . Salvayre is a writer with a mission." London Review of Books "There are innocuous books that charm you, gently surprise you at moments you didn't expect, blissfully put you to sleep, make you dream of princes and princesses. . . . But there are others, like Lydie Salvayre's novels, that make you sit up and take notice, that directly confront you, that shake you up from the very first sentence, warning you that the test is going to be brutal, the dream is going to be dark, and the princess's smile is going to be painful." Le Monde, /P> "Never a false note. . . . One of France's most virtuosic young novelists." Publishers Weekly "A Parisian museum tour guide descends into madness and murder, guided by the works of the philosopher Blaise Pascal, in this distinctive novel published in France in 1995. Salvayre (The Company of Ghosts) has constructed a bleak character study through which she examines the nature of criminality and the way the past conspires to consume our souls. The narrator, held for the murder of an unnamed victim, reveals his story in conversations with the judge, a psychiatrist, and a guard in the jail's infirmary. Through anecdotes about his workplace (the abbey at Port-Royal des Champs, associated with Pascal and the Jansenist movement) and his failing marriage and his memories of a dismal childhood, we see a man struggling 'to gain a foothold in the void.' Ruminations on the futility of existence place this squarely in the tradition of the French existentialists: in a nod to Camus, the narrator's cellmate is in jail for "killing an Arab." There are also echoes of Don Quixote in the flashes of absurd humor and the theme of a man led to his destruction by overzealous reading. Throughout, Salvayre handles this ambitious framework with great sangfroid. Recommended for literary fiction collections." Library Journal "A madman's intense soliloquy in a slim, powerful volume by French author Salvayre (Everyday Life, 2006, etc.). The novel opens in a courtroom, where a former museum tour guide stands trial for murder. The accused engages in one-sided debates with his judge, prison guard, lawyer and psychiatrist. The nameless voice remains the novel's sole speaker, and though his rants prove that he is not only neurotic but mentally unbalanced, he is surprisingly eloquent and darkly humorous. We soon learn that the narrator's childhood haunts him: Abused by his angry father, he grew up in a house of violence, fear and hatred. He came to find a father figure in his museum boss, but was crushed when his mentor didn't understand and eventually refused to tolerate his erratic behavior. He is obsessed with his selfless, protective, now-dead mother, and is unable to love any other woman. He had a malfunctioning relationship with his wife, verbally and physically abusive, yet she continued to love him—a fact that irritated him to no end. The condemned man's mocking descriptions of social norms and everyday actions (sex, sneezing) is humorous, and his tone, lacking fear and timidity, can be captivating. The accused may be neurotic, self-

involved, snobbish and unlikable, but the questions he raises are universal. What is pre-ordained and what is self-willed? How does one 'gain a foothold in the void'? How much sympathy does one owe his fellow man? Well-composed and provocative."Kirkus

To be born a second time is to be born to a new life, the life of the Kingdom of God, the life of the great Universal White Brotherhood. Two thousand years ago, in Palestine, Jesus gave us the key to all spiritual work, when he said, 'Unless a man be born of water and the Spirit, he cannot enter into the Kingdom of God'. Today, the Master Omraam Mikhaël Aïvanhov interprets these words for our benefit. The water Jesus speaks of is Love; the Spirit, fire, is Wisdom, and Love and Wisdom unite to give birth to Truth which is the new life. In his commentary, the Master Omraam Mikhaël Aïvanhov shows how these three virtues of Love, Wisdom and Truth, correspond to man's psychic structure composed of heart, mind and will. Explaining that our physical bodies mirror our psychic being, he shows how Cosmic Intelligence has inscribed the secret of love in our mouths, that of wisdom in our ears and that of truth in our eyes. This volume, which is the first of a series, sets out the essential foundations of Omraam Mikhaël Aïvanhov's Teaching and reveals the vast scope of his thought in which Holy Scripture, esoteric symbolism and the sciences of man and of nature meet and complete each other in one all-embracing synthesis.

"In the United States, Raymond Queneau (1903-1976) is known mainly for his novel *Zazie dans le metro*, which was made into a film by Louis Malle, for *Exercices in Style*, and for being the founder and one of the most important members of the literary movement known as Oulipo. In France and much of Europe Queneau is known for his prolific and wide ranging writings. During his lifetime some 18 novels, 10 volumes of poetry, 7 volumes of essays, and countless published writings, commentaries, and reviews kept him in public view (and continue to do so today as much of his writing is still in print in France). His reputation as a writer continues to grow with new biographies, critical writings, and anthologies appearing every year. An explorer of linguistics as well as a mathematician, he often combined his love of both subjects such that the essence of his writings resides not in its "content" but in the sounds and the form of the text. He often argued that the real subject of his work is language itself. Because of this many of his novels, and especially his poems, are virtually impossible to translate into English as they are based on spoken versus literary French, puns, street slang, and complex variations of word play and spelling. *Les Ziaux (Eyeseas)* presents a survey of his poems as written from his early Surrealist days of the 1920's through to 1943 and is representative of Queneau's range of poetic voices."--BOOK JACKET.
