A roaring, rollicking, foot-stomping farce. Ketchup Soup is an epic, and at times ribald, comedy about the lovable James Reichardt, a verbose junior copywriter who's just landed his first job at a sleepy advertising agency in New Orleans. Part genius, part naive miscreant, James suffers from illusions of grandeur, not the least of which are the beliefs that business is the key to happiness and that he is Caesar reincarnated. In his first 364 days in the Big Easy he'll join forces with the many colorful characters of the city to bring down the ad agency, swear allegiance to art and lead a revolt against capitalism at the height of Mardi Gras. A tale that is both hilarious and heartfelt, Ketchup Soup is the side-splitting story of one young man's journey through the nonconformists and dank back alleys of New Orleans.

Soon to be a Showtime documentary, Murder in the Bayou is a New York Times bestselling chronicle of a high-stakes investigation into the murders of eight women in a troubled Southern parish that is "part murder case, part corruption exposé, and part Louisiana noir" (New York magazine). Between 2005 and 2009, the bodies of eight women were discovered in Jennings, Louisiana, a bayou town of 10,000 in the Jefferson Davis parish. The women came to be known as the Jeff Davis 8, and local law enforcement officials were quick to pursue a serial killer theory, stirring a wave of panic across Jennings' class-divided neighborhoods. The Jeff Davis 8 had been among society's most vulnerable—impoverished, abused, and mired with mental illness. They engaged in sex work as a means of survival. And their underworld activity frequently occurred at a decrepit motel called the Boudreaux Inn. As the cases went unsolved, the community began to look inward. Rumors of police corruption and evidence tampering, of collusion between street and shield, cast the serial killer theory into doubt. But what was really going on in the humid rooms of the Boudreaux Inn? Why were crimes going unsolved and police officers being indicted? What had the eight women known? And could anything be done to stop the bloodshed? Mixing muckraking research and immersive journalism over the course of a five-year investigation, Ethan Brown reviewed thousands of pages of previously unseen homicide files to posit what happened during each woman's final hours delivering a true crime tale that is "mesmerizing" (Rolling Stone) and "explosive" (Huffington Post). "Brown is a man on a mission...he gives the victims more respectful attention than they probably got in real life" (The New York Times). "A must-read for true-crime fans" (Publishers Weekly, starred review), with a new afterword, Murder in the Bayou is the story of an American town buckling under the dark forces of poverty, race, and class division—and a lightning rod for justice for the daughters it lost.

This book, *Midnight Cry* is to sensitize believers to fundamental preparations that we must engage in if we want to fulfill our destinies and not fall victim to the end-time events. Small-town Louisiana, 1935. When Eugene was twelve, a girl from town disappeared. Everyone said the gators must have got her when she strayed too near the bayou. No foul play, just a terrible accident. But Eugene can't shake the conviction that Mary Beth's

death had something to do with the man who used to haunt her--the man no one else could see. Now, nearly two decades later, there are more dangerous things than gators in Chanlarivyè. People are disappearing again, and this time, no one can find the bodies. As the town's unease grows, charismatic fugitive Johnny Walker arrives on the scene, shedding bullet casings and stolen bank notes in his wake. He tangles himself up in Eugene's life and awakens memories Eugene thought he had laid to rest years ago. Memories of the mysterious man who followed Eugene into his dreams, and memories of the bayou--and of the horrifying entity that lurks beneath the water's surface, slowly seeping into the town like a stain.

A remarkable tale of greed, treachery and deceit in one of the most outlandish criminal stunts ever conceived: the theft of a nation In 1981, a small but heavily armed force of misfits from Canada and the United States set off on a preposterous mission: invade an impoverished Caribbean country, overthrow its government in a coup d'etat, install a puppet prime minister and transform the island into a crooks' paradise. Their leader was a Texas soldier of fortune named Mike Perdue. His lieutenant was a Canadian Nazi named Wolfgang Droege. Their destination: Dominica. For two years, they recruited fighting men, wooed investors, stockpiled weapons and forged links with the mob, leftist revolutionaries and militant Rastafarians. They called their invasion Operation Red Dog, and they were going to make millions. All that stood in their way were two federal agents from New Orleans on the biggest case of their lives. Set in the Caribbean, Canada and the American South at the end of the Cold War, and based on hundreds of pages of declassified U.S. government documents, as well as exclusive interviews with those involved, Bayou of Pigs tells the true story of Canadian and American men who tried to steal a tropical paradise.
